YAXT - Feature #303

improve make check under AIX

05/18/2012 06:02 PM - Joerg Behrens

Status:	Closed		**Start date:**	05/18/2012
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:			**Estimated time:**	0:00 hour
Target version:				

Description

make check should run the tests in a appropriate environment. This includes the variables MP_PROCS and MP_HOSTFILE and the creation of a suitable hostfile in the current directory.

Right now, the user has to set up such an environment by hand.
