YAXT - Feature #334

better bug message if xmap constructor fails

11/12/2014 06:40 PM - Joerg Behrens

Status:	Closed	**Start date:**	11/12/2014

Target version:			

Description

The follwing error message is not helpful:

```
Fatal error in ../../yaxt-0.3.0/src/xt_xmap_intersection_ext.c, line 308: ERROR: destination inter
sections do not match with destination index list
```

What is the problem? Can we give out the first offending dest-index that can't be linked to any src-index?

History

#1 - 11/25/2014 10:09 AM - Moritz Hanke

- Status changed from New to Closed

better error output is implemented in commit:1b629655
