ScalES-PPM - Bug #348

Incorrect with-regard-for-quality test

08/13/2020 06:32 PM - Matthew Krupcale

Status:	Closed		**Start date:**	08/13/2020
Priority:	Normal		**Due date:**

Target version:				

Description

When configuring using the option --without-regard-for-quality or --with-regard-for-quality=no, the *action-if-given* test will always fail, resulting in the configuration always setting with_regard_for_quality=yes. This is a problem for (build) environments without networking for which mpirun will fail.

The attached patch fixes this.

History

#1 - 06/30/2021 11:14 PM - Thomas Jahns
